# Great American Steam Locomotive Museum & Cambridge Wooden Toy Company

CambridgeWoodenToyCo.com

For over 40 years, Brian Gray has been making some of the best handmade wooden toys in Southeastern Ohio. The entire Museum has been remodeled. New for 2021 is an HO scale train that allows kids to operate. He uses only select hardwoods for their beauty and all edges of the toys are rounded smooth. His toys are made strong so they can be handed down from one generation to another. He uses only child safe finishes. The museum has a complete N -Scale Train Layout which operates two Light Mountain 4-8-2's. New to the collection, a G-scale steam locomotive, the largest of the model train gauges runs 100 feet around the ceiling. One passenger train and one freight train both run at the same time for the young and young at heart who love model trains.

Don't miss your chance at blowing a three tone steam whistle that came off a steam locomotive switch engine that used to operate in southeastern Ohio!

Perched high atop the rugged terrain of rural southeast Ohio, the scenic lodge golf course at Salt Fork State Park is a destination worth taking the clubs to. The par-71 course spans 250 acres of forested hills, open meadows and misty valleys of Guernsey County. Measuring only 5,786 yards from the white tees, the course plays considerably longer than expected because of the numerous uphill approach shots.

Whether you're planning a corporate team building golf outing, a men's or women's league, a school tournament or a family bonding day, we can help you plan your outing, including a hearty meal afterwards.
