Great American Steam Locomotive Museum & Cambridge Wooden Toy Company

CambridgeWoodenToyCo.com

The Great American Steam Locomotive Museum has been remodeled this year with a new O gauge train layout which will allow the kids to operate. There are many artifacts from railroads, many of which are long gone. The Museum has a complete N-Scale train layout for kids to watch. The main attraction is the seven 1:18 scale Models of some of the great American steam locomotives such as the Union Pacific "Big Boy" at almost eight feet long and Casey Jones' steam engine where he was the engineer and road it to his final demise in 1900. Some of the other engines include a N.P. Northern # 2626 which was made for the Timken Roller Company in Canton, Ohio. The world speed record holder, Penn R.R. #7002, a Super Hudson and a Bipolar Electric. Also new is the G-Scale train that circles the room at ceiling level. Brian Gray has been making some of the

best handmade wooden toys in Southeastern Ohio. He uses only child safe finishes on all select hardwoods which are mixed for their different colors and beauty. He has won many awards for his excellence in craftsmanship. Our moto is "Handmade Wooden Toys for the Young and Young at Heart."

Hopalong Cassidy Trail

The Hopalong Cassidy Trail recognizes the impact of William Boyd, Cambridge, Ohio's beloved cowboy hero. A collection of Hopalong Cassidy items are on display throughout Historic Downtown Cambridge at various locations:

- The history of William Boyd, from Hendrysburg to Hollywood, can be seen in a mural at the LONGINIE-GIBSON AGENCY building located at 122 Southgate Pkwy on the corner of Southgate Pkwy and Turner Ave.
- The site of the school attended by William Boyd at Wheeling and Highland Avenue is home to a monument and the Hopalong Cassidy walk dedicated to his memory at the corner of Wheeling Ave and Highland Ave (150 Highland Ave).
An exhibit is also displayed at the CAMBRIDGE/GUERNSEY COUNTY TOURIST INFORMATION CENTER located at 627 Wheeling Avenue where a brochure highlighting the Hopalong Cassidy Trail is available.

•A remarkable six- foot bronze statue greets visitors and residents alike at the GUERNSEY COUNTY SENIOR CENTER located at 1022 Carlisle Ave. Groups can take their pictures by the Hoppy statue (ample room for motorcoach parking) and enjoy a meal in the center while interacting with Hopalong Cassidy historian and creator of the 25-year old Hopalong Cassidy Festival in Cambridge. Although the festival is no longer held, Laura Bates, will delight your group with stories about Hopalong Cassidy and his beautiful wife, Grace Bradley Boyd, who attended the festival each year.

Experience what it was like to work at The Cambridge Glass Company (1902 – 1958). Watch a short vintage film showing the Cambridge artisans as they demonstrate the handmade glassmaking process inside the famous glasshouse. You can dress as glassworkers and hold the original tools that were used to manufacture each piece. Stroll through colorful displays featuring over 9,000 pieces of handmade Cambridge Glass. Make a pencil rubbing from an authentic etching plate once used by the company, known worldwide for quality, as a souvenir. 2020 marked the 100th year since the enactment of the 18th Amendment and Prohibition! The 1920s were the most prolific years for The Cambridge Glass Company. Experience how the Roaring 20s affected the glasshouse and the city of Cambridge, Ohio. Visit the new “Speakeasy” display in the museum’s Education Center. In the Roaring Twenties, a surging economy created an era of mass consumerism! You can also travel back in time with our Time Travelers tour option and meet Lizzie and Bessie from the glasshouse addition of Cambridge.

National Road & Zane Grey Museum

NationalRoadAndZaneGreyMuseum.org

This museum consists of 3 different exhibit areas. The first is about The National Road, America's first federally funded highway, also known as "The Main Street of America." A 136' diorama illustrates the construction of the road at various phases and shows how progress followed it. There are also many examples of transportation which would have traveled the road including an authentic Conestoga wagon, a stagecoach sleigh, a steam car, and a surrey with fringe on top. Also you'll find the Zane Grey area which is a tribute to locally born western author, Zane Grey, who wrote over 80 novels some of which turned into 100 different movies. And in the center of the museum, a gallery displays beautiful examples of locally produced art and ceramic pottery. Stone House Museum

KennedyStoneHouse.org

Look through this window into the past on the shore of beautiful Salt Fork Lake. This lovely Stone House has been restored to its 1840's appearance complete with a summer kitchen and existing unique root cellar. The summer kitchen, built adjacent to the main house, lessened the possibility of fire and also kept the main house cooler in the summer. The kitchen was used year round for the preparation of food, as well as butchering and canning. The ox yoke on display above the fireplace was worn on oxen that hauled the sand stone to the site by the Irish masons who built the house.

Salt Fork Golf Course

SaltForkParkLodge.com/Recreation/Golf

Perched high atop the rugged terrain of rural southeast Ohio, the scenic lodge golf course at Salt Fork State Park is a destination worth taking the clubs to. With its rolling fairways and expansive greens, the 18-hole championship course will challenge even the most experienced golfer. The par-71 course spans 250 acres of forested hills, open meadows and misty valleys of Guernsey County. Measuring only 5,786 yards from the white tees, the course plays considerably longer than expected because of the numerous uphill approach shots.

Whether you're planning a corporate team building golf outing, a men's or women's league, a school tournament or a family bonding day, we can help you plan your outing, including a hearty meal afterwards. Looking to have a charitable event or benefit scrambles? Our courses are ready to help you set up a wonderful outing! Catering options are available.
