

## TALKING TOURISM

April 6, 2025

Each month this space will be devoted to a column written by Debbie Robinson, executive director of the Cambridge/Guernsey County Visitors & Convention Bureau (VCB). She will provide information about upcoming events, area attractions, bureau services and projects, and most importantly, communicate the tremendous impact that the travel and tourism industry has on this region.

### Seasonal Attractions Begin to Open

From safaris to theatrical productions, Guernsey County, Ohio offers numerous attractions. Eight key Guernsey County attractions will begin opening to the public in the coming weeks.

"Cambridge/Guernsey County is a world away from overcrowded destinations," shared Debbie Robinson, Executive Director of the Cambridge/Guernsey County Visitor & Convention Bureau. "We really offer an amazing mix of outdoor recreation with affordable and unique overnight accommodations, paired with fascinating history."

As the warmer weather months approach, it is the perfect time to plan two unique tours. Some local lore feels (almost) too exotic to believe! Frequent reports of Bigfoot sightings have popped up throughout this forested region for decades. Sightings tend to cluster in and around Salt Fork State Park, so keep your eyes peeled for the furry foot while enjoying all the amenities. An annual Bigfoot conference is coming up on May 3 at Salt Fork State Park Lodge & Conference Center. It brings together both looky-loos and cryptozoologists intent on finding the long elusive creature.

If you're looking for a girlfriend getaway or a romantic getaway, our Wild About Wine tour allows you to visit the very best regional wineries and breweries and everything along the way, including The Wilds.
